Man Yee You

Junior Frontend Web Developer

Profile

Self-taught Junior Frontend Developer with a focus on **React, Next.js, and TypeScript**. Proficient in building responsive, high-performance web applications using **Tailwind CSS**. **Proven ability** to translate complex design concepts into clean, reusable, and accessible components.

Experienced in integrating **RESTful APIs** and managing asynchronous data flows. A fast learner dedicated to writing **maintainable code** and implementing modern **UI/UX best practices** to deliver scalable, user-centric solutions. Strong problem-solving skills developed through building real-world projects from scratch.

Core Skills

Frontend

- **React (Hooks)**, **Next.js (App Router)**, **TypeScript**, JavaScript (ES6+), **Tailwind CSS**, SASS, HTML5/CSS3.

State & Routing

- **Zustand**, Context API, **React Router**.

Backend

- **Next.js API Routes (RESTful)**, **Ably SDK (Pub/Sub)**, Node.js (Basic), Axios/Fetch API.

Tools & Platforms: Git/GitHub

- **Figma**, Postman, Vercel, Netlify, VS Code.

Featured Projects

JKLM Game Clone (Real-time Multiplayer)

- Developed a high-performance multiplayer word game using **React** and **Ably Real-time SDK**.
- Implemented a **Pub/Sub architecture** to handle multi-user state synchronization and real-time messaging with low latency.
- Managed complex game logic (timers, turn-based mechanics) using **Zustand** for centralized state management, ensuring a smooth UI experience across all clients.

Full-stack Interactive Quiz App

- Engineered a type-safe interactive platform using **Next.js** and **TypeScript** for robust component architecture.
- Architected **Next.js Route Handlers (API)** to manage dynamic data fetching and server-side logic.
- Designed a scalable JSON data schema to categorize content by difficulty levels with dynamic routing.

Details

16, Jalan BU 7/8, Bandar Utama
Petaling Jaya, Selangor 47800
Malaysia
011-20568009

Languages

English

Mandarin

Malay

- Applied **Mobile-first design** with Tailwind CSS, achieving a **95+ Performance score** on Lighthouse.

Pokedex Web App(React, TypeScript, Tailwind CSS)

- Architected a high-performance database explorer using **React Router** for dynamic, URL-driven navigation and **React Query (TanStack Query)** for robust data fetching.
- Implemented **Infinite Scrolling** with efficient **caching and background refetching**, reducing API overhead and providing a lag-free user experience.
- Managed multi-layered asynchronous states (loading, error, pagination) to ensure data consistency across complex UI components.

Personal Portfolio Website (Next.js, TypeScript, Tailwind CSS)

- Built a responsive portfolio with SEO-friendly routing
- Implemented reusable components and clean layout structure
- Deployed using Netlify

Employment History

Carpenter at Local Small Furniture Manufacturing Workshop, Seremban

Sept 2023 — Aug 2025

- Progressed from apprentice to independently handling tasks, demonstrating strong **learning ability and self-improvement**
- Produced work based on technical drawings with high accuracy, showing strong attention to **structure, measurements, and details**

Engineering Apprentice at Yuniku Engineering (M) Sdn Bhd, Seremban

Mar 2023 — Jul 2023

- Assisted engineers with equipment installation and basic maintenance tasks
- Performed guided troubleshooting and issue investigation, gradually developing **problem decomposition and logical thinking skills**

Server / Waiter (F&B) at Restaurant Oakland Pork Noodle, Seremban

May 2022 — Jan 2023

- Worked efficiently in a fast-paced environment while handling multiple tasks simultaneously, developing strong **time management and stress tolerance**
- Collaborated closely with front-of-house and kitchen teams, improving **communication and teamwork skills**

Education

Sekolah Menengah Kebangsaan Rantau, Rantau

Jan 2017 — Dec 2021

- Completed Secondary Education
